Subject: Allocation of Seed Minikits of Pulses under National Food Security Mission for Rabi and Summer 2016-17-reg.

Sir,

Annexed herewith are details of Seed Minikits allocation of Pulses for Rabi and Summer 2016-17.

Minikits are meant for introduction and popularization of latest released/pre-released varieties/hybrids not older than 10 years among the farmers free of cost. Central Seed Agencies have to deliver the allotted seed minikits to the destination identified by the beneficiary States within the stipulated time. It is therefore, requested that States should inform **NSC, NAFED, IFFDC, KRIBHCO and HIL** about the quantity of seed which is to be delivered to each identified destination in the beneficiary States as per allocation on an urgent basis under intimation to this Department.

The State Governments and agencies should ensure the following:

1. For better monitoring and visible impact, minikits need to be allocated to all farmers in contiguous area of at least 25 ha,
2. Central Seed Agencies deliver the Seed Minikits within the stipulated time i.e. by **5th September, 2016**.
3. Timely submission of Progress Report on the supply of seed minikits to this Department and Directorate of Pulses Development, Bhopal.
4. Bio-fertilizer packets recommended for the particular pulse crop, leaflets and package of practices are to be supplied with seed minikits. In case these are not supplied, the reasons should be reported to DAC.

In addition to the above, proper utilization of minikits should be ensured by the beneficiary states. Further, all records including the list of the beneficiaries, results of minikits demonstrations, farmers' perception etc must be maintained correctly for verification from time to time.
